®

Milk Replacer

LAMB & KID

26% PROTEIN

26% FAT

**COMPLETE FORMULA
EASY TO MIX
EXCELLENT CURD**

MaxCare Lamb & Kid is a Milk Replacer specifically formulated to provide optimum nutrition for infant sheep and goats. Blended using the highest quality stockfeed milk powders and a comprehensive additive profile MaxCare Lamb & Kid is an easy to mix, high quality milk replacer.

MaxCare® Lamb & Kid Contains:

- **Betaine** - Aids in hydration while also improving digestion and disease resistance for optimum health, growth and productivity.
- **Acidifiers** - High concentrations of organic and inorganic acids to promote digestion, optimise nutrition and prevent pathogenic bacteria, resulting in improved animal health and growth rates.
- **Amino Acids** - The specific amino acids deliver balanced essential protein for maximum feed efficiency and growth.
- **Vitamins & Minerals** - Specifically formulated to ensure optimum requirements are met, maximising growth, development and health.
