

Broodmare

McMillan Broodmare is a high quality textured feed formulated to meet the nutrient requirements of mares during the various stages of pregnancy and lactation, specifically during the last 3 months of pregnancy when trace mineral requirements increase. Broodmare is also an ideal first feed for the young foal at foot. Contains organic yeast culture for optimum digestion as well as natural vitamin E and Zinpro organic trace minerals.

BROODMARE DELIVERS:

- Steam flaked grains for enhanced digestion and to assist with weight maintenance during pregnancy and lactation
- Quality protein ingredients to ensure good foetal development and milk production
- Organic yeast culture for optimum digestion
- Zinpro organic zinc and copper to enhance foetal body reserves and minimise the incidence of Developmental Orthopaedic Disease (DOD)

FEEDING GUIDE:

Broodmare has been formulated to complement New Zealand forages and provide the correct balance of all essential nutrients when fed at the following levels daily:

BODY WEIGHT	400kg	500kg	600kg
Early Pregnancy	1–2kg	2–3kg	3–4kg
Late Pregnancy	2–3kg	3–4kg	4–5kg
Lactation	3–4kg	4–5kg	5–6kg

The above table is a guide only and the amount fed should be adjusted according to the horse's age, temperament, condition, body weight and workload.

When combined with forage, the above indicated amounts of Broodmare will provide more than the minimum National Research Council (NRC) requirements for each essential nutrient.

QUALITY GUARANTEED

Our commitment to quality ensures that only the finest ingredients available are included in the McMillan range of equine feeds.

TYPICAL ANALYSIS (DM BASIS)

Crude Protein	Fat	Fibre (max)	Energy (DE)	Salt
17%	5.5%	8%	14.5MJ/kg	1.25%

NUTRIENT COMPOSITION

Nutrient	As Fed (Per kg)
Energy (DE)	3 Mcal
Crude Protein	145g
Fat	50g
Fibre (max)	70g
Lysine	7g

Choline	850mg

*Includes natural Vitamin E and organic minerals.

DISCLAIMER. All analysis and nutritional information is presented in good faith. Some variations in values may occur. McMillan Equine Feeds accepts no responsibility if this feed is used in a manner or quantities that are not in accordance with its recommendations.

Broodmare

INGREDIENTS SELECTED FROM:

Steam-Flaked Barley, Steam Flaked Oats, Steam-Flaked Maize, Steam-Flaked Peas, Beet Pulp Shreds, Flaxseed Flake, Sunflower Seeds, Full Fat Soyabean Meal, Cold Pressed Canola Oil, Molasses, McMillan Balancer Pellets, Di-Calcium Phosphate, Calcium Carbonate, Salt, Organic Yeast Culture, KER Vitamin and Mineral Pre-mix containing Zinpro organic minerals, Natural Vitamin E.

IMPORTANT INFORMATION:

Always provide access to adequate forage such as pasture, hay and chaff to ensure optimum digestive physiology. At least 1.5% of the horse's body weight in forage should be provided daily.

Ensure no more than 2.5kg concentrate per 500kg body weight is fed per meal.

Store in a cool, dry place out of direct sunlight.
