CONDITIONS

- 60 The manufacture of the product must, at all times, conform to the product and manufacturing specifications approved as part of this registration.
-
- 61 The product must be labelled in accordance with the product and manufacturing specifications approved as part of this registration.
-
- 63 Persons responsible for the product at each stage throughout its distribution must maintain the product in a manner that ensures it conforms to the approved product and manufacturing specifications through to the product's retail sale.
-
- 65 The registrant must, as soon as practicable after becoming aware of new information, advise Ministry for Primary Industries of any new information that relates to the relevance, reliability or correctness of information provided at the time of registration and upon which the decision to register the product was made.
-
- 66 No advertisement for the product may:
- (a) include content or be presented in a manner that does not conform to the approved product and manufacturing specifications (this includes approved uses);
 - (b) contain false or misleading claims, statements or information in relation to the product; or
 - (c) without limitation to the generality of (b), directly or by implication make false or misleading claims or statements about the regulatory status of the product under the ACVM Act.
-
- 82 For the purposes of this condition, an adverse event is any event that brings into question the relevance or reliability of information provided at the time of registration and upon which the decision to register the product was made.
- The registrant must notify Ministry for Primary Industries of an adverse event in relation to the product, immediately upon becoming aware of the event, where the event has or may have significant implications for the continued use of the product.
-
- 84 The product must not be used on animals unless the use is approved as part of this registration.
-
- 108 The registrant must provide sufficient consumer advice about the on-going stability of the product for use if requested by any purchaser of the product.
- The registrant must withdraw the product from the market place where evidence shows it is no longer capable of meeting its expiry specifications prior to its use, when stored in line with the manufacturers recommendations.
